Winter Wheat Condition at Low Average---Bears Use Report to Smash the Market SUBWAY BUILDERS

BAD SLUMP IN NEW YORK STOCKS, WITH AVERAGE DECLINES OF 1 TO 2 1-2 POINTS.

NEW YORK. April 8.—The bears were busy with the tap of the bell, and they were more aggressive than yesterday. When the record of transactions was next to the smallest of the year, being only second to the sales of one week ago today. The West was reported decigned. only second to the sales of one week ago today. The West was reported deidedly bearish in tendency, although higher prices. The theory advanced was that the market cannot remain in its present almost-deadlock position—that it must move, and that it cannot stand still. Money is very firm, and rates are tending higher. No gold shipments for tomorrow, and it will require an advance in foreign exchange before en-gagements will be made for the fast teamers of Wednesday.

Down Lower.

As the session advanced the pressure ncreased. Stop orders were caught on the way down and the evident weakness Lower prices for grain and cotton are having an effect, and it is not likely that the exchange market will make any improvement. The West sent out a story that the Government winter wheat report would be bad; that it would not show over 16 condition, and the bears were encouraged by this estimate.

Actual Showing Unfavorable.

When the actual report came out it did not cause any improvement. The condition April I, of winter wheat, was 80.8 per cent, of normal, against 82.2 of a year ago; 91.3 on the same date two years ago, and 87 the average for like last ten years.

These figures were a keen disappointment to the bulls, who had been led to believe that winter wheat was maturing with splendid growth.

Some strong interests are evidently getting out of the market, tired and disgusted with the various obstacles in the way of recovery in business, the agitation on tarff and railroad matters, and the spirit of antagonism to "interests" the scalping profits that appeared to the like "easy money." The crop reports were but another straw on the unasy shoulders of holders of securities. The reports so far have been to the effect that winter wheat bean to the the way interest was acting splendidly and that the "crop-killers" were of the band of Ananias. But reports showed that, while they were exaggerators they were nearer right than the bulls.

The pressure on the list increased in the noon hour, and continued during the second hour of the afternoon. The declines extended from a point to 1½ points on some stocks, while the leaders of the band of Ananias. But reports showed that, while they were of the band of Ananias. But reports showed that, while they were of the band of Ananias. But reports showed that, while they were of the band of the interport of the second hour of the afternoon. The declines extended from a point to 1½ points.

It is possible that there will be some rally at the close. Moreover the near approach of another Monday is liable to cause the evening-up process to be also the proving the second hour for the scalping profits that appeared

dent Glover, of the Riggs National Bank, and Admiral R. D. Evans.

Leaving this city March 19, going direct to Kansas City, thence on down ever the Stillman road to Mexico City, o far as completed. A train of eight the guests of the road, which included a number of prominent foreign and American financial men. A number of the English nobility were in the party.

Mr. Kenyon is eathusiastic concerning the future of the Kansas City, Mexico and Orient, a line which he says "will

and Orient, a line which he says "will be 400 miles shorter than any other transcontinental road, and can have its steamers two days out on the water before opther lines can load steamers."

There is no grade on the line, "continued Mr. Kenyon, "over 2½ per cent. and the road runs through the most beautiful sections of the country. With its advantage in time it is sure to be a financial success. On this trip probably \$2.000.000 of bonds were purchased largely by English investors. The Washington contingent placed some surplus funds. Mr. Glover was and is a share-holder.

funds. Mr. (Alover was and is a share-holder.

"But the United States and Mexican Trust Company interested us even more than the railroad property. It has a capital of \$1,000,000, a surplus and nearly a million of concealed assets—lands, etc. It does not solicit deposits, neither does it receive them. Its business is largely trusts, executing commissione on a large scale, for merchandise, Mexican products, etc. Its operations in lands are heavy. It has a surplus of \$500,00 and its stock sells at \$135, while the dividend payments are 8 per cent.

This inviting proposition appealed to the Washington guests and we acquired some of the stock."

Mr. Kenlon was enthusiastic over the trip, the road, the bank, and the opportunities for American investments—not in mines—in Mexico.

element.

While these conditions hamper the bulls the bears find them entirely to their liking, and are doing their utmost to make them count in the play, but with the taking of small profits, showing that they are none to sure of their position, despite the prevailing pessimism.

BANK'S DEPOSITS SHOW AN INCREASE

Times' Campaign Adds Greatly to Fourteenth Street Institu-

tion's Receipts.

Denosits in the Fourteenth Street Shy ngs Bank, as reported to the Comproller of the Currency, shows an in-rease, as compared with the January statement, of \$31,177.48.
This increase is an evidence of the

success of the campaign for additional deposits in which The Washington Times deposits in which The Washington Times engaged in the early days of last month, through the distribution of 5,000 checks of 50 cents each and 5,000 pocket savings banks.

The object then sought was the encouragement of the savings disposition, through the opening of bank accounts with the assistance of the checks thus distributed.

through the opening of bank with the assistance of the checks thus distributed.

That the \$5.000 expenditure has thus far brought in a large part of the \$31,000 increase is a matter for congrituation, but the full effect has not been felt as yet, for many of the 50-cent checks are being held to await the convenience of the payees in making the necessary deposits of \$2, required by the contract.

GOSSIP OF WALL STREET.

The urgent need of gold to replenish the depleted reserve of the Bank of England was shown clearly in the poor reliand was shown clearly in the po port on its condition made in its latest weekly statement, issued yesterday, the figures which were compiled before the first of New York's recent shipments of gold coin had reached that institution. This report stated that the bank's ratio of reserve to ilabilities had dropped from 48.81 per cent to 39.55 per cent, the lowest level for this time in any year since is level for this time in any year since is set level for this time in any year since est level for this time in any year since is set level for this time in any year since is set level for this time in any year since is set level for this time in any year since is set level for this institution. Although the per cent in a similar condition. Although of England for many years and the present ratio of this institution is below that minimum, compared with 47 per cent and of per cent, respectively, at the corresponding dates in the last two years, no hange was made yesterday in its minimum discount rate from its 4 per cent basis, as it was felt that the expected additional consignments of the precious aptimum discount rate from its 4 per cent basis, as it was felt that the expected additional consignments of the precious aptimum discount rate from its 5 per cent.

The question as to the award of the contract for the disposal of dead animals, for which Louis Hopfenmaier, of this place, was the lowest bidder, may yet be a matter for the courts to detern the courts to detern the courts to detern the courts to detern the lowest responsible bidder, able to carry out his contract. His failure to secure the same, as the bidder next above him secured the contract, was because his plant for cremating or boiling the dad carcasses was outside the Distance of the disposal of dead animals, for which Louis Hopfenmaier, of this place, was the lowest bidder, may yet be a matter for the courts to detern the courts to detern the courts to detern the courts to detern the lowest responsible bidder, able to carry out his contract. CAUSES COMMENT OF P. O. I

The junior choir of Dumbarton Avenue Methodist Episcopal Church will give a sacred cantata this evening at the church. For some weeks it has been drilled by the choirmaster, W. T. Giover, and has reached an excellent stage. The Rev. Charles L. Pate, the pastor; Louis B. Hieston, the president of the Epworth League, J. J others will speak.

SHARP MADE CHIEF

Son-Yes, sir, I have-the counterfeit-er,-Tit-Bits,

Munyon's Paw-Paw Pills are un-

like all other laxa-tives or charties. They coar the liver into activity by gentle methods. They do resscour; they do not scour; they do not weak-en; but they do start all the secre-tions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects consti-

healthy condition and corrects constination is responsible for most ailments. There are thirty-two feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged, the whole system becomes poisoned, causing biliousness, indigestion and impure blood, which often produces rheumastism and kidney ailments. No woman who suffers with constination or any liver complaint can expect to have a clear complexion, or enjoy good health.

Will not soil skin or linen. Will not injure your hair. Is Not a Dye.

MAY FIND RELICS RETURN OF SULTAN

Where Tunnel Is to Be Constructed.

BROOKLYN, April 8.—The public service commission has called the attenion of the E. E. Smith Contracting Comany of Philadelphia, which has the contract for the fourth section of the Fourth avenue subway, to the fact that this section of the route takes in a part of the scene of the battle of Long Island, and requesting that care be taken to be and requesting that care be taken to be on the lookout for any relics of the comsee that an opportunity is afforded for their preservation. The engineers of the commission, who will supervise that structed to keep the matter in mind. The third section of the subway takes in Fourth avenue from Sackett to Tenth

The matter was brought before the mmission by Charles M. Higgins, of 271 Ninth street, Brooklyn. Mr. Higgins, who is a prominent manufacturer, takes an interest in local history, and he reently made an address on the battle which he made the suggestion that

cently made an address on the battle, in which he made the suggestion that the city should purchase a part of the territory for a historical reservation. This address was made before the Prospect Heights Association.

Mr. Higgins says that from his study of the battle he believes that the present surface is from ten to fifteen feet higher than it was at the time of the revolution. A part of the ground was then marsh. The fighting was especially severe around the "Old Stone House," at what is now Third street and Fifth avenue, and it continued as far as Fourth avenue from First street to Seventh or Eighth street, and especially between Third and Fifth streets. This was one of the most important battles in the early part of the Revolution, and it was a severe and disheartening defeat for the Continental forces. It was fought on August 27, 1776, and on the night of the 29th and the murning of the 39th the American army, which was under command of Washington, retreated, and succeeded in getting over to New York safely, being aided by a fog which concealed their boats from the British ships. The Americans had been largely outnumbered by the British in the battle of Long Island, and the American losses were more than twice as great as those of their foes. Soon after the battle heavy desertions still further weakened the Continental army, and Washington's skill in conducting a successful retreat under most disad-

AD MEN TO MEET.

The Washington Ad League is con meeting of all the an clubs of the southeastern division of the Associated Advertising Clubs in Washington or Atlanta in May. The question will be considered at the luncheon meeting at the Raleigh Hotel next Tuesday. The meeting will be addressed by David G. Evans, of Success Magazine. Mr. Evans will speak on "The Space Peddier."
